Why I Love this spot

This part of Forrestdale Lake is so peaceful and only really accessed by locals. A huge area with loads of space for kids to explore, as well as the option for different backdrops (lush green trees, golden grasses, wide open space). You might even see a kangaroo or two at sunset sessions!

Mosman Park, Riverside

If you don't already know about this location, you'll never just stumble across it. Very hidden away and usually quiet, with only sailboats and the odd dog walker for company. Such a range of backdrops - flowers, the jetty, the river. My favourite central(ish) location in Perth.

Dalkeith, Riverside

Raeburn Orchards

There are only about 6 weeks in a year where taking photos at Raeburn will be worth it, and oh BOY is it worth it! The autumnal colours pop and provide a gorgeous backdrop to most kind of sessions. Get your kids to explore the old tractors and pick up some persimmons on the way out!

Lesmurdie Falls

The vibe

If you love a more earthy, adventurous feel, this one is magic. Tall trees, rugged boulders, golden grasses and beautiful natural textures make this location feel almost storybook-like. Perfect for families who love nature and don't mind a little exploring.

Why I Love this spot

Lesmurdie Falls might be busy with tourists, but if you head in the opposite direction you'll enjoy an undisturbed and chilled session. Gorgeous at sunset, especially during the drier months with golden grasses and warm glow. Love the boulders here.

A couple walking away from the camera on a sandy beach at sunset. The man is wearing a white shirt and khaki shorts, and the woman is wearing a light-colored, flowing dress. They are holding hands and looking at each other. The sky is a clear, warm orange and yellow, and the ocean is visible in the background.
