Client Wardrobe

With any maternity, family or newborn session you book with me, I offer a complimentary wardrobe for mumma. I understand the importance of feeling confident and comfortable during your session, and I find it takes the stress out of choosing what to wear from your own wardrobe! The gowns in the client wardrobe are all made to be photographed - in gorgeous colours and flattering styles. I offer a range of sizes, and each gown is carefully selected for its blend of style and comfort, ensuring you not only look stunning but also feel at ease throughout your session.

The wardrobe is updated often, so check back in every few months to see what's new. If you've seen something that you think would be great in the wardrobe too, let me know and I'll see if I can make it happen!

How many can I borrow?

With every Ultimate session (maternity, family or newborn), you have unlimited choice of the gowns in the wardrobe. For Classic sessions, due to the shorter nature of the sessions, I offer one gown from the wardrobe. It's your choice on which gown/s you choose, but I'll always bring a back up or two, just in case you change your mind!

Can I try on before the session?

Of course! I'm located in Canning Vale, so if you would like to pop in for a visit in the days leading up to your session for a little try on (chocolate always readily available free of charge...), then let's do it!
